Dear David,

As I leave CIA, I want to thank you for all of your many courtesies to my family and friends on their many visits to CIA. During the last year of my father's life, he visited us a couple of times for a few months each and during those times enjoyed many visits to the Headquarters Building, in large part because you were so courteous and friendly with him. I recognize that that characterizes your work here day in and day out. You are a superb asset to the CIA and keep up the good humor and efficient manner.

Best wishes always.

Don I. Wortman
Deputy Director
